
Quaestiones Mathematicae

Instructions to Authors

Submission of Manuscripts – All submissions should be made online at *Quaestiones Mathematicae*'s ScholarOne Manuscripts site (<http://mc.manuscriptcentral.com/tqma>). New users should first create an account. Once a user is logged onto the site, submissions should be made via the Author Centre. Manuscripts should be submitted in PDF format together with the associated LaTeX source and graphics files.

Editorial Policy – No manuscript that has been previously published, or is being considered for publication elsewhere, should be submitted to *Quaestiones Mathematicae*. In keeping with international best practice in scholarly publishing, the publishers of *Quaestiones Mathematicae* routinely check all manuscripts for unacknowledged content. Therefore, it is requested that authors ensure that the manuscript is comprehensively referenced, even when reusing their own previously published descriptions. Contributions must conform to the principles outlined in **Ethical considerations in research publication** available on the Journal's Instructions to Authors page at www.nisc.co.za/journals?id=7.

Preparation of Manuscripts – Manuscripts will be typeset in LaTeX using the amsmath package of the American Mathematical Society. Authors will be invited to send their LaTeX-files prepared in the article style as soon as a paper has been accepted for publication. The manuscript should include:

1. Title, with a shortened running title if necessary.
2. Author's name: First name(s) or initials, surname.
3. Abstract of at most 20 lines.
4. 2010 Mathematics Subject Classification.
5. Key words and phrases.
6. References in the style of *Mathematical Reviews*.
7. Author's full postal address, including e-mail.

Reprints – All reprints are distributed electronically in PDF format and authors will be notified by the publisher when reprints are available for download.

Open access – *Quaestiones Mathematicae* is a hybrid journal which allows authors the option of publishing their article Open Access for a set fee. Further details are given in **NISCoa: Publishing an Open Access Article with NISC** available from www.nisc.co.za/journals.
